Well... we now have a fence in place, so the garden is on its way. We are still applying for grants to complete the project so watch this space and wish us luck.

When finished we will have a new entrance and easy access from room to garden. We will also have a shed and plenty of outside activities. Our plan is to run sessions outside weather permitting and repeat our pilot and run play schemes during the summer months. We will be busy planning these changes but first have to wait for funding. I expect we will also have one or two surprises.

And... we have started to clear the site of shrubs and weeds. The pyracantha is disappearing and the lawn is recovering from weeding.

NEW GROUP

Plans to run a group for siblings. If you are interested to attend with more than one child, please discuss further the possibility to attend our new siblings group.

NEWS & INFORMATION

4th ANNIVERSARY PARTY

Once more we enjoyed Mr. Marvel's entertainment, Punch and Judy, magic, the rabbit, bubbles and dancing. More families attended this year, 40 children and 45 adults including mums and dads, grandparents and visitors.

We sang 'Happy Birthday' to "Little Learners 1.2.3" and everyone took home some cake. Everyone agreed it was a welcome celebration during the long Christmas break. Next year we hope to see more "Little Learners".

Some of the groups are practising cutting!

It takes time to reach the achievements of the little one in the picture.

All children need close supervision at these times, it needs to be fun and given a bit of special extended time. Those children currently practising at "Little Learners 1.2.3" enjoy every moment and really do not want to stop.

Our little girl Megan in the picture is being supervised and has adopted a rather laid back approach. On this occasion the activity lasted for some considerable time. This is okay if you really do not mind clearing up a mess and have plenty of time to spare.

"If I had known Grandchildren were so much fun I'd have had them first!"
